About Willow Stream Spa

Willow Stream Spas are acclaimed around the world for our focus on finding innovative ways to help guests discover their own energy. Energy makes the difference between living and living well; recharging our energy allows us to flow, rather than fight, through life. That is why energy renewal is our mission.

Each of our spas is designed to reflect the beauty and ambience of its location and of the hotel in which it is located, so no two are alike. All of our spas have this in common: they deliver an outstanding experience. Simply being here—away from the chaos of everyday life—relaxes our guests and starts them on their energy journey.

Our name: Willow Stream

We believe these two words reflect our philosophy and our connection to nature's elements.

Willow: The willow represents our deep-rooted authenticity, strong centre and flexible spirit.

Stream: The stream represents our energizing journey through life—bending and changing in a peaceful, purposeful manner as it finds its way around obstacles.

Our logo: Our logo is composed of ancient symbols for the world's essential elements: earth, air, fire and water. The willow—wood—is the fifth element. Balancing these elements puts us in sync with nature's equilibrium.
